BRAND FABRIC

## I N F I N I T Y™

### Sustainable Fabric

**E**co-friendly SheerWeave Infinity is PVC-free and 100% recyclable. SheerWeave Infinity starts with the only core yarn, synthetic or natural, that is born out of post-industrial waste by-product. Emulating the look and engineering of standard SheerWeave fabrics, Infinity's yarn coating is developed from the same compound family as its core yarn. Like its SheerWeave predecessors, Infinity provides the same solar heat and glare control properties that have elevated window treatments from mere decoration, to high performance tools for conserving energy, harnessing natural light and maintaining interior comfort levels.

- SheerWeave Infinity Composition: 100% TPO (Thermoplastic Olefin), 30% TPO fiber yarn / 70% TPO coating on TPO yarn
- 100% Recyclable (from both post consumer and post industrial sources)
- Repeat recyclability for continued sustainability
- PVC Free
- Lead Free
- GREENGUARD® Certified
- Produced from 100% post industrial waste by-product
- Every component of this TPO compound is heat and chemically stable
- Nine neutral colors
- Offered in both 3% and 5% open basketweave construction
- Width options: 63" (160cm), 84" (213cm), 98" (249cm)
- Flame Retardant: NFPA 701-1999 TM#1 (small scale)
- Microbial and fungal resistant
- Durable and washable
- Excellent solar heat control, UV and glare reduction capabilities
- As with all SheerWeave fabrics, this product carries a 5-Year Limited Warranty
