

# Duette® FR

HONEYCOMB SHADES

HunterDouglasContract

WINDOW COVERINGS

Meadows and Company

## Key Features

The superior functionality, soft fabric appearance, and energy-efficiency of our Duette® honeycomb shades has made them an industry standard. EasyRise™ headrails and other advanced hardware systems provide for motorization and switch or remote operation.

- Versatile selection of FR fabrics
- Exclusive TruePleat™ construction ensures pleats stay crisp and even, year after year (3/4" Semi-Opaque)
- Fabrics pass NFPA 701-99 Small-Scale Flammability testing
- Highly energy-efficient cellular design enhances R-value and shading coefficient; 99% UV blocking
- Specialty angles and shapes available for non-standard windows, along with many design and hardware configurations

Hospitality

Educational Institutions

Corporate Campuses

## ABOUT HUNTER DOUGLAS

For more than 80 years, the architecture and design community has specified contract solutions from Hunter Douglas, the world leader in window coverings and a major manufacturer of architectural products. Our tradition of bringing breakthrough products to market makes us the company of choice for an array of contract applications, including innovative systems for interior and exterior window coverings, acoustical and metal ceilings, and solar controls. We are continually seeking, testing, and developing new concepts that will enable us to meet ever-more-demanding standards of performance.

From specification to installation, we work with architects, designers, and builders to manage light, heat, and acoustics. Expertise in customization, fabrication, installation, and technical support delivers outstanding products with our hallmarks of design, performance, and exceptional durability. Hunter Douglas' commitment to sustainability and responsible development is evidenced by our continuous efforts to address environmental concerns, improve production processes, eliminate waste, and reduce maintenance.

The Hunter Douglas portfolio includes thousands of high-profile projects around the world, from retail, corporate, and commercial facilities; to major transit centers and public spaces; to hospitality, health care, and educational/governmental buildings. Major operational centers in Asia, Australia, Europe, Latin America, and North America give Hunter Douglas an unmatched worldwide presence. Subsidiaries around the world let us deliver products globally while adapting them to meet local requirements.

Hunter Douglas has its headquarters in Upper Saddle River, New Jersey, and Group headquarters in Lucerne, Switzerland. The Group is comprised of 150 companies with 66 manufacturing and 84 assembly plants and marketing organizations in more than 100 countries. Hunter Douglas employs about 15,000 people worldwide.

## LIFETIME LIMITED WARRANTY

We extend a warranty to the original purchaser(s) of our contract products for as long as you own them. If they have a defect of materials or workmanship, we'll repair or replace them. Some limits apply to cords and fabrics. Ask us for detailed warranty information.
